MR. KAINIKKARA M. PADMANABHA PILLAI: How long it was running?

RAJYASEVAPRAVINA KHAN BAHADUR G. S. ABDUL KARIM SAHIB SUHRAWARDY: Well for a fairly long time. It was not resumed because of the scarcity of dependable buses.

MR K. P. KOCHUKORA THARAKAN: ആലുവാ—മൂന്നാർ ലൈനിലേക്ക് കൊടുത്തിരിക്കുന്ന പെർമിറും പെരുമ്പാവൂർ-മൂന്നാർലൈനിലേക്കു കൊടുത്തിരിക്കുന്ന പെർമിറും കോതമംഗം-മൂന്നാർലൈനിലേക്കു കൊടുത്തിരിക്കുന്ന പെർമിറും ഒരാളിനോ, അല്ലെങ്കിൽ ഒരു കമ്പനിക്കോ എങ്ങനെയാണ് കൊടുത്തിട്ടുള്ളത്.

RAJYASEVAPRAVINA KHAN BAHADUR G. S. ABDUL KARIM SAHIB SUHRAWARDY: To different owners.

RAJYASEVAPRAVINA KHAN BAHADUR G. S. ABDUL KARIM SAHIB SUHRAWARDY: When people ask for G permits, we go into their antecedents. We go into their solvency and give them permits, if the reports are satisfactory.

MR. K. P. KOCHUKORA THARAKAN: റിപ്പോർട്ടിൽ കിടക്കുന്ന ബസ്സുകൾ കൊണ്ടു ഓടിക്കാൻ അനുവദിക്കാത്ത ആലുവാ—മൂന്നാർ ലൈനിൽ, അവിടെ ഓടിക്കുന്ന ബസ്സുകളുമായി ബന്ധമില്ലാത്ത ഉടമസ്ഥന്മാർക്കു പെർമിറുകൊടുക്കാൻ മേയുണ്ടാകുമോ?

RAJYASEVAPRAVINA KHAN BAHADUR G. S. ABDUL KARIM SAHIB SUHRAWARDY: Of course if I find suitable persons. I am prepared to give permits to those who satisfy the requirements provided there is necessity for it.

Ceramic Factory.

392 * MR. KANNANTHODATH JANARDANAN NAIR: Will the Government be pleased to state:

(*a*) the budget estimates, the revised estimates and the actuals of the receipts of the Ceramic Factory for 1113, 1114 and 1115; and

(*b*) the budget estimates, the revised estimates, and the actuals of disbursements of the Factory for 1113, 1114 and 1115?

MR. C. KUMARA DAS (*Director of Industries*):

(*a*) *Receipts.*

Year.	Budget estimate. Rs.	Revised estimate. Rs.	Actuals. Rs.
1113	Nil	Nil	Nil
1114	3,00,000	25,000	14,247
1115	2,22,000	1,70,000	79,198

(*b*) *Disbursements.*

1113	Nil	Nil	Nil
1114	2,05,000	10,000	715
1115	1,22,000	1,45,000	1,37,885

LIBRARY ARCHIVES Kerala Legislative Assembly

[Mr. C. Kumara Das.]

The figures for the capital expenditure on the scheme for the years are:

Year.	Rs.	Rs.	Rs.
1113	2,25,000	2,86,000	3,67,312
1114	1,35,200	1,30,000	1,85,255
1115	50,000	80,000	81,533

MR. KANNANTHODATH JANARDANAN NAIR: May I know, why the actual receipts have been below the estimate as shown in the answer to part (*a*)?

MR. C. KUMARA DAS: When the estimates were prepared it was anticipated that the clay mining and the clay refining factories would be completed before the end of the year and put into working order and so the receipts given here were expected. But what happened was that it was not possible to complete these works and actual work could not be begun in the year 1114. Just a part of it only could be brought into working order and that is why the figures fall short of the estimate.

MR. KAINIKKARA M. PADMANABHA PILLAI: May I know why the disbursements in 1115 went above the estimate?

MR. C. KUMARA DAS: Disbursements in 1115 only have gone above the estimate.

MR. KAINIKKARA M. PADMANABHA PILLAI: May I know what is disbursement?

MR. C. KUMARA DAS: In this case, by disbursement is meant working expenditure.

MR. KAINIKKARA M. PADMANABHA PILLAI: The disbursement in 1115 is estimated to be only Rs. 1,22,000. Why is the actual disbursement higher than the estimate?

MR. C. KUMARA DAS: Work was started only by the end of the year 1114. More raw materials than were anticipated were purchased and stocked.

MR. KAINIKKARA M. PADMANABHA PILLAI: In answer to the supplementary question it was stated that the work was not done in 1115. How can the expenditure then go higher than the estimate?

MR. C. KUMARA DAS: By the statement "work was not completed" I mean the capital works were not completed in 1113 and 1114. About the end of 1114 and the beginning of 1115, the factories were more or less set up and the actual work of manufacturing and refining processes were started. Therefore when these works were started the working expenses had gone up.

MR. KAINIKKARA M. PADMANABHA PILLAI: May I know whether the work that was expected be done in the factory in 1115 was done or not?

MR. C. KUMARA DAS: More than what was expected was done.

LIBRARY ARCHIVES Kerala Legislative Assembly

MR. KAINIKKARA M. PADMANABHA PILLAI: Then may I know why the receipts fell?

MR. C. KUMARA DAS: Quite a lot of materials were purchased and stored and some of the materials manufactured were not sold. That is why the receipts fell while the disbursements were high.

MR. KAINIKKARA M. PADMANABHA PILLAI: Was it merely due to the want of sale of the articles?

MR. C. KUMARA DAS: That is not the only reason.

MR. KAINIKKARA M. PADMANABHA PILLAI: May I know the other reason?

MR. C. KUMARA DAS: The rise in the working expenditure is due to a lot of material that was stored.

MR. KAINIKKARA M. PADMANABHA PILLAI: Will the price of materials stocked go under working expenses?

MR. C. KUMARA DAS: Yes that will go under working expenditure.

MR. KAINIKKARA M. PADMANABHA PILLAI: If the expected work was not done, at the same time how can you expect a rise in expenditure?

MR. C. KUMARA DAS: The rise in expenditure was partly due to the stocking of materials.

MR. KAINIKKARA M. PADMANABHA PILLAI: May I know what is the extent of rise due to stocking materials?

MR. C. KUMARA DAS: I claim notice Sir to answer that question.

MR. KANNATHODATH JANARDHANAN NAIR: May I know the exact amount of money saved?

MR. C. KUMARA DAS: I claim notice Sir.

MR. P. SIVARAMA PILLAI (*Meenachil* cum *Thodupuzha*): May I know the receipt on sale of manufactured articles?

MR. C. KUMARA DAS: Only total amount of receipts is given. Separate figures are not available. I claim notice,

MR. K. P. KOCHUKORA THARAKAN: ക്യാപിറൽ എക്സ്പെൻറിച്ചർ വർദ്ധിക്കുകയും വരുമാനം കുറയുകയും ചെയ്യാനുള്ള കാരണമെന്താണെന്ന ദയവുചെയ്തു പറയാമോ?

MR. C. KUMARA DAS: Under capital expenditure the cost of the refining plant, the factory and the machinery have to be included. As the work was proceeded with, it was found necessary to put up more buildings and purchase more machinery and that is why the final figures have exceeded the estimated figures. In regard to receipts, as I have already said it was not possible to produce as much as was expected at the beginning.

MR. K. P. KOCHUKORATHARAKAN: കളിമൺഫാക്ടറിതുടങ്ങുമ്പോൾ തന്നെ അതിനെ ഇന്നഇന്ന മാതിരിയിലുള്ള മെഷിനറി വേണമെന്നും, ഇന്നഇന്നതരത്തിലുള്ള കെട്ടിടങ്ങൾ വേണമെന്നും നിശ്ചയിച്ച് അതിലേക്കുള്ള ഒരു എസ്റ്റിമേറ് ക്രൂടാതെയാണോ വർക്കുകൾ ആരംഭിച്ചിട്ടുള്ളത്?

LIBRARY ARCHIVES Kerala Legislative Assembly

MR. C. KUMARA DAS: It was not possible to anticipate at the beginning that all the machinery and buildings were necessary for the completion of the scheme.

MR. P. S. MAHOMED : ക്യാപ്പിറൽ എക്സ്പെൻറിച്ചറും വരുമാനവും തമ്മിൽ വല്ല ബന്ധവുമുണ്ടോ?

MR. C. KUMARA DAS: There is no direct relation ship.

The S. N. V. Ayurvedic Vaidyasala, Mannanthala.

393 *MR. M. RAMIAH PILLAI Will the Government be pleased to state:

(*a*) the period during which the S. N. V. Ayurvedic Vaidyasala Mannanthala, near Vattapara has been holding the status of a recognised Vaidyasala;

(*b*) how many petitions they have received from the public of Mannanthala and Karakulam pakuthy praying that a grant be awarded to the said Vaidyasala; and

(*c*) what action has been taken by them in regard to the petitions?

RAJYASEVAPRAVINA M. K. NILAKANTA AIYAR: (*a*) Since October 1936, *i. e.*, four and a half years.

(*b*) Some petitions have been received.

(*c*) The matter is under consideration.
